Volume 5; Issue #1

January, 2009

Dear Ronald Sherman,

Here is some brief but time-sensitive information that may be of interest to you!

National TV calls Maggot Therapy one of the "Top Medical Trends of 2009"

Doctors - Don't be surprised if a dozen of your patients come in next week requesting maggot therapy!

The medical television program, "**The Doctors**," will be airing a special program this Wednesday, January 7, dedicated to the most important medical trends of 2009. Maggot therapy will be one of those ten medical trends, and our own Pam Mitchell will be a featured guest.

See the [program trailer](#) for more information, or check out viewing times at the program's [website](#).

You can view [Akron's local paper, The Suburbanite](#), for a story about it all.
