Volume 17, Issue 3

Director's Letter

Greetings ,

The next **BioTherapy Live!** broadcast is coming up on May 18 at 3:30 pm EDT (12:30 pm Pacific Time). The program will feature Dr. William Parker, and will address ***"Translating helminths to the clinic for immunomodulation: where we are now."***

Dr. Parker is a well-respected, well-published authority on the relationships and interactions between microbes, parasites, and the immune system; we are quite privileged to have him join us. Catch his presentation live on Zoom or Facebook if you can (Zoom link to follow). If you can not participate in the live program, you can still find the recording posted on Facebook and YouTube afterwards.

If you have experience in biotherapy or biotherapy research, please join our panel of experts. [Contact us](#) to find out how to share your insights with our subscribers and attendees.

Advancing healthcare through education and research in biotherapy,

Biotherapy Live! is Back

The next broadcast of Biotherapy Live! will be on May 18 at 12:30 pm PDT (3:30 pm Eastern Time). Future webinars are tentatively scheduled to air live on the third Tuesday of each month. They will be posted on our [Facebook](#) page and [YouTube](#) channel shortly thereafter.

- May 18, 2021: BioTherapy Live
- June 15, 2021: BioTherapy Live
- July 20, 2021: BioTherapy Live

Times (and even dates) may vary, depending on the availability of our guest lecturers and viewers. If a "BeTER" time for the live sessions works for you - [let us know!](#)

We've joined Instagram!

The BTER Foundation is now on Instagram. We will be posting exclusive photos from our lab and general updates regarding live webinars and events on the page. Please feel free to follow us [@BTERFoundation](#).

BTER Foundation Board members, Randall Sullivan and Pam Mitchell (right to left, wearing black t-shirts), teaching nursing students how to apply maggot therapy dressings. Beginning in 2007, BTER Members set up "classroom booths" at healthcare exhibits across the country in order to reach clinicians who otherwise might not attend a biotherapy lecture.

Supporting the Foundation through AmazonSmile

Want to help make a difference while you shop in the Amazon app, at no extra cost to you? Simply follow the instructions below to select "Biotherapeutics Education And Research Foundation" as your charity and activate AmazonSmile in the app. Amazon will donate a portion of your eligible mobile app purchases to us, at no extra cost to you.

New in the Amazon app

Your app purchases can generate donations for us, at no extra cost to you!

amazon smile

How it works:

1. Open the Amazon app on your phone
2. Select the main menu & tap on "AmazonSmile" within **Programs & Features**
3. Select "**Biotherapeutics Education And Research Foundation**" as your charity
4. Follow the on-screen instructions to activate AmazonSmile in the mobile app
